FamilyRollo

How to use Smart Blinds app

Search: „smartblinds".

Turn the engine on as said

in attached instruction.

Allow to access this device's location (it's necessary for using the blind and for bluetooth to work)

Press **+** to add

Choose your blind from the list (if you have a few, turn the other engine on after adding last blind to the app).

Press: **next step.**

Put in the password: **5555**
