# Installation instruction for non-invasive (Basic) Roman blinds on a window frame.
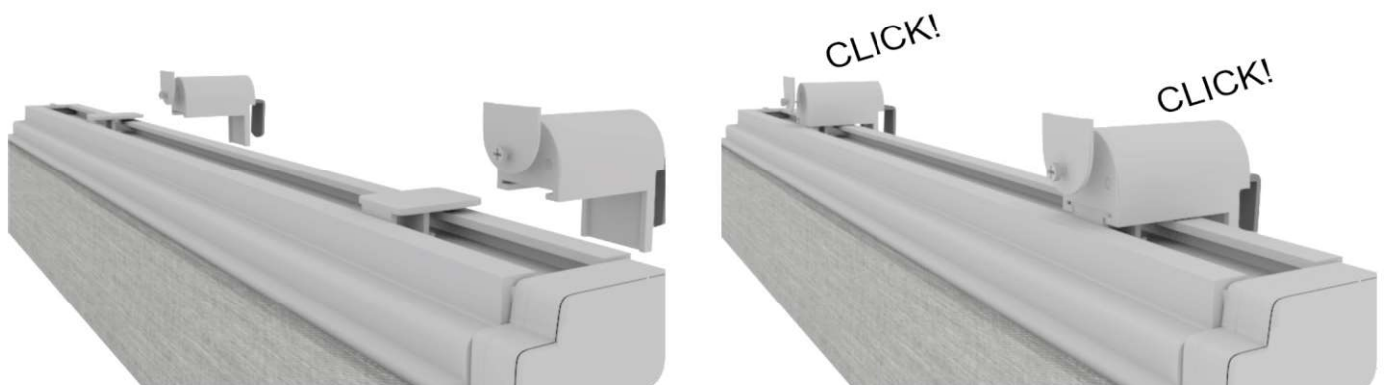

The following mounting hangers are included with the roman blind.
Their number depends on the width of the roman blind.
Usually it is 2 pcs.

Step I
Install non-invasive mounting hangers on a roman blind according
to below picture.

Step II
Install the blind , hang it on the window sash then use screwdriver to tighten the mounting hangers on the window.

Step III
Tighten the cover caps.
